The last session of our State legislature made some judicious changes in last Somerville Falcon says: regard to the law regulating the selecting of juries. But others are needed, as the public seems to have become thoroughly disgusted with the miserable farce enacted in every court of instice whenever a notorious case of content of the street of the various offices to be filled next August. The Falcon has not particular voice in this matter. A convention cannot be properly called unless to introduce and Sedition Laws, can have no real regard for those who have sought here are fugger from oppression, and consequently all their ante-election affection does not exist in Fayette county, but we fully believe that it ought to be formed to introduce an and Sedition Laws, can have no real regard for those who have sought here are fugger from oppression, and consequently all their ante-election affection is simulated and false. If our sel named Wm. M. Tweed for a change of regard to the law regulating the selectpublic spirit, combined with the greatest amount of ignorance. As the selection of juries is conducted at present, intelligence is almost regarded as something to be ashamed of, and a callous indifference to the pecple's welfare as the most desirable quality that a good citizen can have. Toe tolly of rejecting every person who has read in the public prints accounts of offences against the law has been carried so far of late that some legislative action is urgently reording to the evidence preswers in the affirmative, we see no did the Democratic party, in 1844, reason why he should be rejected as rising Phoenix-like from its ashes, sucing that he thought the man charged strength?
